

A better training experience with the CHIA Vic Learning platform

CHIA Vic's new online learning platform

The CHIA Vic Learning platform is a new online hub for CHIA Vic training.

Your learner account on this platform gives you access to course information and materials to get you on your way.

How do I sign up?

When you book into a CHIA Vic training course on our website you will have a learner account registered on the CHIA Vic Learning platform.

You will receive an account setup email with a link to the CHIA Vic Learning platform, where you complete your account setup by:

- Confirming your details
- Setting your password

It's important to activate your account with CHIA Vic Learning well before your course starts.

Improving your training experience

CHIA Vic Learning will improve your learning experience, providing all course information and resources in one place. Your learning account holds your record of training with us and you can access course completion certificates.

I'm having trouble logging in to CHIA Vic Learning

Can't find your account setup email? Or something not working?

Please contact us at learning@chiavic.com.au and we'll help you get set up.
